Site Notice

The CAPPMIS system will be down on Monday 01/30/2006 from 0800 to 1100 hours Eastern Standard Time. This is necessary to perform data updates and system maintenance.

We will be releasing the AKO Single Sign-On (SSO) feature to the CAPPMIS website. The feature will allow CAPPMIS users the ability to log into CAPPMIS using their AKO username and password. This will give CAPPMIS users an alternative to logging into CAPPMIS, other than their CAPPMIS userid and password.

IDP Instructions

The Individual Development Plan / Continuous Learning (IDP/CL) is a critical document in which the employee and supervisor identify and track career objectives over a 5 year period in the areas of Education, Training and Experiential opportunities. Objectives should reflect overall broad career goals and specific development activities intended to accomplish them. The career goals should identify types of future positions desired, experience and training in other career fields, other education goals such as advanced degrees or a combination of all these. The developmental objectives should be attainable in reasonable time frames and do not have to be purely acquisition related. They can include items such as functional training, leadership education, professional activities and assignment experience that can lead toward the overall achievement of the broad career goals. The IDP is also the vehicle used to annotate, award, and track Continuous Learning Points (CLPs) in accordance with DOD [Continuous Learning Policy](#) and in accordance with the [Standard CL Cycle and Prorated CLPs Guidance](#).

Getting Started

STEP ONE. Verify Position Information. (especially Email address)

PLEASE NOTE: The data displayed for "Position Information" is extracted from your Acquisition Career Record Brief (ACRB)-civilians or Officer Record Brief (ORB)-military.
